Re: Public Records Act Request

To the Honorable Chief Scott:

On behalf of the First Amendment Coalition ("FAC"), I hereby request access to the records described below within the possession or control of the S.F.P.D. This request is submitted pursuant to the California Public Records Act ("CPRA"), Article 1, §3(b) of the California Constitution and FAC's rights of access under the San Francisco Sunshine Ordinance. FAC requests the following "records" and "public information" as those terms are defined by Calif. Gov't Code § 6253 and San Francisco Administrative Code § 67.20 relating to any and all reports, investigations or findings regarding any of the following:

- (1) The facts and circumstances surrounding the death of former Public Defender Jeff Adachi; and**
- (2) Any purported criminal conduct by Bryan Carmody, or purported criminal conduct by others which he allegedly witnessed or participated in, on or about February 22 & 23, 2019.**

These records should be accessible under Admin. Code 67.24(d) as there is no prospect of any criminal prosecution regarding: 1) anyone who may have been connected to Mr. Adachi's death; or, 2) any actions purportedly undertaken by Mr. Carmody while newsgathering or reporting on that death.

If you believe that any express provision of law exists to exempt from disclosure all or a portion of the records FAC has requested, you must notify FAC in writing of the reasons for the determination not later than 10 days from your receipt of this request. See, Admin Code §§ 67.21, 67.27; and Cal. Gov't. Code §§ 6253(c), 6255(b). If any portion of the records requested is exempt from disclosure by express provisions of law, Admin Code § 67.26 and Gov't. Code § 6253(a) require segregation and redaction of that material in order that the remainder of the record or information may be released.

Please contact me if you have any questions about this request.

Sincerely,

/s/ Glen A. Smith

Dear Glen Smith:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated June 03, 2019.

You requested, "...On behalf of the First Amendment Coalition ("FAC"), I hereby request access to the records described below within the possession or control of the S.F.P.D. This request is submitted pursuant to the California Public Records Act ("CPRA"), Article 1, §3(b) of the California Constitution and FAC's rights of access under the San Francisco Sunshine Ordinance FAC requests the following "records" and "public information" as those terms are defined by Calif. Gov't Code § 6253 and San Francisco Administrative Code § 67.20 relating to any and all reports, investigations or findings regarding any of the following:

- (1) The facts and circumstances surrounding the death of former Public Defender Jeff Adachi; and
- (2) Any purported criminal conduct by Bryan Carmody, or purported criminal conduct by others which he allegedly witnessed or participated in, on or about February 22 & 23, 2019.

These records should be accessible under Admin. Code 67.24(d) as there is no prospect of any criminal prosecution regarding: 1) anyone who may have been connected to Mr. Adachi's death; or, 2) any actions purportedly undertaken by Mr. Carmody while newsgathering or reporting on that death."

This case is an open and ongoing investigation and disclosure of the requested information at this time may endanger successful completion of that investigation. As such, the SFPD declines to release records under Government Code § 6254(f), which exempts from disclosure records of complaints to, investigations conducted by, intelligence information or security procedures of, and investigatory or security files compiled by local police agencies.

Thank you for your courtesy in this regard.

Re: Public Records Act Request

Dear Lt. Waaland:

By letter dated June 6, 2019 you responded to a request for access to public records submitted by the First Amendment Coalition ("FAC"). FAC's request, dated June 3, sought records and public information regarding two separate cases: 1) an investigation into the death of former Public Defender Jeff Adachi; and 2) an investigation into possible criminal conduct by Brian Carmody. Your June 6 letter denied both requests, stating, "This case is an open and ongoing investigation and disclosure of the requested information at this time may endanger successful completion of the investigation." It is not clear which "case" is being referenced.

Any contention that there are "open and ongoing investigations" into the two cases identified in FAC's request is undermined by the findings of the Chief Medical Examiner on Mr. Adachi's death and Chief Bill Scott's May 24 Statement on "Adachi Report Criminal Investigation 19-066." The Medical Examiner concluded that the manner of Mr.

Adachi's death was "Accident." Chief Scott's statement states that the only on-going investigation regarding Mr. Carmody is focused on the execution of search warrants, not on any crimes he may have committed.

San Francisco Administrative Code § 67.24(d) requires the release of the records requested by FAC once there is no longer any prospect of a criminal prosecution. The June 6 letter cites the general law enforcement exemption from the disclosure of records under the California Public Records Act under Gov't Code § 6254(f), but is silent on § 67.24(d). At a minimum, the records FAC requested should be accessible under Admin. Code 67.24(d) as there is no prospect of any criminal prosecution regarding: 1) Mr. Adachi's death; or, 2) any actions purportedly undertaken by Mr. Carmody while newsgathering or reporting on that death.¹

Please confirm that there is an open and ongoing investigation into Mr. Adachi's death and criminal acts purportedly committed by Mr. Carmody. If not, the records FAC requested should be released. Please contact me if you have any questions about this letter or FAC's June 3 request.

Sincerely,

/s/ Glen A. Smith

See, Admin Code §§ 67.21, 67.27; and Cal. Gov't. Code §§ 6253(c), 6255(b). If any portion of the records requested is exempt from disclosure by express provisions of law, Admin Code § 67.26 and Gov't. Code § 6253(a) require segregation and redaction of that material in order that the remainder of the record or information may be released.

Thank you for the prompt response to FAC's request. After going through the documents we are concerned that the response is incomplete. Before getting into the details, we would like to confirm that no responsive documents have been withheld based on some claimed exemption. Your June 14 email refers only to redactions but we just want to make sure that nothing else has been held back.

The June 4 request sought records related to two general topics, news accounts regarding the death of former Public Defender Jeff Adachi and the investigation of Bryan Carmody. All of the documents we received seem to relate to Mr. Carmody only. We are surprised that no documents covered by the first category of of the June 4 request (regarding Mr. Adachi) were released. This causes us to question if there was a thorough search for responsive documents. Also, FAC has obtained from other sources a May 26 email to the Mayor from the Police Commission regarding a press release concerning both Mr. Adachi and Mr. Carmody. This email was not included in the June 14 response which causes us, once again, to question the scope of the search.

None of the records that we received seem to involve the Mayor directly (even though the May 26 email referenced above did so). We also note that the search should have included personal communications devices as required by the California Supreme Court in City of San Jose v. Superior Court, 2 Cal. 2d 608 (2017).

In light of our concerns, please double-check the Mayor's June 14 response to make sure it is complete. Please contact me if you have any questions about FAC's June 4 request or this email.
